

Through Canadian Foodgrains Bank, you can help create a world without hunger for millions of people in the developing world.

Our vision is a world where everyone has enough to eat. We believe that every person is created and loved by God, and that God doesn't want anyone to go hungry.

Sadly, about 800 million people don't have enough food to live healthy and active lives. The majority live in the developing world.

Why are so many people hungry? The causes of hunger are complex, but poverty, conflict, natural disasters, drought, inequality, and changing weather patterns are among the main causes. Rapidly rising food prices also hit poor people hard since some spend up to 75 percent of their income on food.

You can help end hunger!

By donating to Canadian Foodgrains Bank, you can help end global hunger. Your gift will be used to support projects implemented by our members and their local partners that: Provide food assistance to meet immediate food needs for people caught in emergency situations; help improve livelihoods and provide training so people can provide food for themselves in the longer-term; and improve nutrition for children and mothers.
